

# **Career Road Map Sources & Definitions**

## ***UtahFutures Career Road Maps***

The maps were developed using information provided by the Utah State Office of Education, Utah System of Higher Education, Utah Department of Workforce Services, intoCareers, and The U.S. Department of Labor.

## ***High School Education Requirements***

Source: Utah State Office of Education.

## ***Middle School Education Requirements***

Source: Utah State Office of Education.

## ***Education and Training***

Categories and definitions are adapted from the Bureau of Labor Statistics, Office of Occupational Statistics and Employment Projections definitions: December 19, 2013.

## ***Schools Information/Data***

Source: IntoCareers - a unit of the University of Oregon.

## ***Utah Businesses that Hire***

The ten largest Utah firms representing industries most likely to employ this occupation based on staffing patterns estimated from survey data. The list of firms comes from an on-line directory of 80,000 plus companies or businesses in Utah called FirmFind. It is important to note that certain employers are exempt from reporting employment and wage data to the Department of Workforce Services. Unless they have voluntarily provided their information, it is not included in the FirmFind database. FirmFind is updated semiannually in February (with employment data from September of the previous year) and August (with employment data from March of the current year). Firm listings do not imply the companies have current job vacancies or are hiring.

## ***Jobs***

Most current three job openings listed with the Utah Department of Workforce Services.
